GDPR

We value your personal privacy and appreciate that you entrust your personal details to us.

We do need to retain some information in order to keep in touch with you or to provide the services that you have requested to be a part of. We do however operate a strict privacy policy, which enables our contacts to opt-in to receiving information from us, and to select the way they receive this information – whether it is by email or post. You may contact us at any time to request removal from our lists.

When completing any forms, you consent to the collection and use of your information by Alzheimers Dementia Support ('ADS'). We may also capture observations in the course of our service provision. Our privacy policy operates in accordance with the Data Protection Act 1998 and the amendments of May 2018.

WHAT INFORMATION DO WE COLLECT AND HOW DO WE USE IT?

If you are a member, we may collect all of your contact details and possibly any medical conditions that would impact on the service that we provide for you. This could also include the details of emergency contacts.

If you are a volunteer, we may also require references and the details needed when applying for a DBS check.

If you have elected to Gift Aid, we retain only your contact detail, tax-payer status and the amount of funds received through your donations.

We may also ask you to sign a form agreeing that we may take photographs of you either for use in our marketing and communications or to ensure your safety when using one of our services.

We may therefore collect data under the following sections of the General Data Protection Regulations (hereafter referred to as GDPR):

Consent: We will use the data to involve you in our services

Sensitive Data: This may include racial or ethnic origin or information about your physical or mental health

Legal Obligation: This will include the information provided on our Gift Aid form which we must retain for the purpose of reporting to HMRC and where we are obligated by HMRC to advise individuals of the value of their donations.

Legitimate Interest: Where we need to review our services. For example, determining our operation strategy, determining trends, resource checking or for direct marketing.

We commit to retaining only the information vital to the provision of our services and to the operation of the charity.

HOW DO WE PROTECT YOUR INFORMATION?

Your information is kept on a secure server or Mailchimp and where hard copies need to be retained, locked within secure premises. We may have pass-code protected mobile phone access, including photographs during the use of our services.

Direct Access to the data is only given to Alzheimers Dementia Support staff and, where applicable, our authorised volunteers, with rare exceptions (see Third Parties below). Our data storage is reviewed under the GDPR regulations.

USE OF COOKIES

Cookies are small pieces of text information sent to your web browser when visiting a website. Cookies are designed to store information about your visit to any website and so enhance the functionality of your visit, no personal information or information that could be used to identify individuals is held in these cookies.

DISCLOSING INFORMATION TO THIRD PARTIES

We do not sell, trade or rent your personal information to companies. We may, on occasion, need to provide your details to other agencies, for example the emergency services, or the HMRC for enquiries relating to Gift Aid. Also, we may need to disclose your details if required to the police, regulatory bodies or legal advisors.

We will only ever share your information in other circumstances if we have your informed and explicit consent.

PERSONAL DATA – CHANGING WHAT WE HOLD

To ensure we provide you with the best possible support and relevant information, it is important we keep the data we hold about you up-to-date. You may change any of the information we keep about you at any time by sending an email to info@alzheimersdementiasupport.co.uk

If you wish to take up your right to see the personal data we hold about you please put your request in writing to the Privacy Officer at the mailing address below. Please include a return address with your request. We reserve the right to make an administration charge for repeated or excessive requests.

WHAT WE DO AND WHY

Alzheimers Dementia Support 'ADS' is a charity which offers constructive practical guidance and a wide range of services to help people in the local community whose lives are directly or indirectly affected by Dementia.

We strive to make a difference by helping those affected cope better whilst giving them the opportunity to experience a little joy and laughter in their difficult lives.

'ADS' have one simple aim – to directly provide a much wider and consistently developing range of services and support specifically geared to meet the current needs of individuals affected by Alzheimer's disease here within our local community, both for People with Dementia and also their Carers in equal measure. All of the funds raised by 'ADS' are solely utilised locally to support these local people.

WHO WE HELP

There is an ever growing number of People with Dementia and their Carers within our local Community of Windsor, Ascot, Maidenhead, Slough and Langley who can benefit from our services.

Throughout the time since our inception in 2011, members of the 'ADS' team have successfully touched the lives of an ever growing number People with Dementia and their Carers and in so doing, have been able to, often dramatically, improve the quality of these people's lives. We also continue to support Former Carers and welcome their valuable input and involvement with our services.

The team's sole aim is to continue reaching out to more people locally and help them to cope with the difficulties of living with this disease through the delivery of high quality, enjoyable Services, whilst assisting with supporting their sometimes critical guidance and information needs.

AWARENESS TRAINING

Since 2011 'ADS' have been running informative and interactive training programs, aimed at raising the awareness of Dementia within our local community. Our training programmes have been designed to demonstrate how seriously the disease affects the lives of the many people it touches and comes in a variety of formats to fit the needs of different sectors.
